

MANAGEMENT INFORMATION CIRCULAR

SOLICITATION OF PROXIES

THIS MANAGEMENT INFORMATION CIRCULAR IS BEING FURNISHED IN CONNECTION WITH THE SOLICITATION BY MANAGEMENT OF XTRA-GOLD RESOURCES CORP. (the “**Company**”) of proxies to be used at the annual and special meeting (the “**Meeting**”) of shareholders (the “**Shareholders**”) and any adjournments thereof, to be held at the Ontario Bar Association, Conference Rooms A and B, 20 Toronto Street, 2nd Floor, Toronto, Ontario, M5C 2B8 at 1:00 p.m. (Toronto time) on Thursday, June 30, 2016, for the purposes set forth in the enclosed notice of Meeting (the “**Notice of Meeting**”). Proxies will be primarily solicited by mail and may also be personally solicited or by telephone by the directors and/or officers of the Company, at nominal cost. The cost of solicitation will be borne by the Company.

The Company may also pay the reasonable costs incurred by persons who are the registered but not the beneficial owners of common shares in the capital of the Company (the “**Common Shares**”) (such as brokers, dealers, other registrants under applicable securities laws, nominees and/or custodians) in sending or delivering copies of this management information circular (the “**Circular**”), the Notice of Meeting and form of proxy (the “**Proxy**”) to the beneficial owners of such Common Shares. The Company will provide, without cost to such persons, upon request to the Secretary and Treasurer of the Company, additional copies of the foregoing documents required for this purpose.

No person is authorized to provide any information or to make any representation other than those contained in this Circular and, if given or made, such information or representation shall not be relied upon as having been authorized.

APPOINTMENT, VOTING AND REVOCATION OF PROXIES

APPOINTMENT

The individuals named in the accompanying Proxy are directors and/or officers of the Company (the “**Management Designees**”). **A Shareholder wishing to appoint some other person (who need not be a Shareholder) to represent the Shareholder at the Meeting has the right to do so, either by striking out the names of those persons named in the accompanying form of proxy and inserting the desired person’s name in the blank space provided in the Proxy or by completing another form of proxy. Such Shareholder should first notify such person of his appointment and obtain his consent to act as a proxyholder. In any case, the Proxy should be dated and executed by the Shareholder or his attorney authorized in writing or, if the Shareholder is a Company, by an officer or attorney thereof duly authorized.**

To be valid, the Proxy must be received by the Company’s registrar and transfer agent, Computershare Investor Services Inc. (“**Computershare**”), Proxy Department at its office at 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1, no later than 48 hours prior to the Meeting or adjournment thereof or delivered to the Chairman at the Meeting or adjournment thereof.

VOTING

Each Shareholder may instruct his proxy how to vote his Common Shares by marking the Proxy as applicable. All Common Shares represented at the Meeting by properly executed Proxies **will be voted for, against or withheld from voting (including the voting on any ballot)**, and where a choice with respect to

any matter to be acted upon has been specified in the Proxy, the Common Shares represented by the Proxy **will be voted in accordance with such specification. In the absence of any such specification of voting on the Proxy, the Management Designees named in the Proxy, will vote in favour of the matters set out therein.**

The enclosed Proxy, when properly completed and delivered and not revoked, confers discretionary authority upon the persons appointed proxyholders thereunder to vote with respect to any amendments or variations of matters identified in the Notice of Meeting and with respect to any other matters which may properly come before the Meeting. As of the date hereof, the Company is not aware of any amendments to, variations of or of other matters which may be presented to the Meeting.

NOTICE-AND-ACCESS

The Company is utilizing the notice-and-access mechanism (the “**Notice-and-Access Provisions**”) that came into effect on February 11, 2013 under National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”) and National Instrument 51-102 – *Continuous Disclosure Obligations* (“**NI 51-102**”) for distribution of this Circular to all registered Shareholders and Beneficial Shareholders (as defined below).

The Notice-and-Access Provisions are a new set of rules that allows reporting issuers to post electronic versions of proxy-related materials (such as proxy circulars and annual financial statements) on-line, via the System for Electronic Document Analysis and Retrieval (“**SEDAR**”) and one other website, rather than mailing paper copies of such materials to Shareholders. Electronic copies of the Circular, financial statements of the Company for the year ended December 31, 2015 (“**Financial Statements**”) and management’s discussion and analysis of the Company’s results of operations and financial condition for 2015 (“**MD&A**”) may be found on the Company’s SEDAR profile at www.sedar.com, on the SEC’s website at www.sec.gov and also on the Company’s website at www.xtragold.com. The Company will not use procedures known as “stratification” in relation to the use of Notice- and-Access Provisions. Stratification occurs when a reporting issuer using the Notice-and- Access Provisions provides a paper copy of this Circular to some Shareholders with the notice package. In relation to the Meeting, all Shareholders will receive the required documentation under the Notice-and-Access Provisions, which will not include a paper copy of this Circular. **Shareholders are reminded to review this Circular before voting.**

Although this Circular, the Financial Statements and the MD&A will be posted electronically on-line as noted above, Shareholders will receive paper copies of a “notice package” via prepaid mail containing the Notice with information prescribed by NI 54-101 and NI 51-102, a form of proxy or voting instruction form, and supplemental mail list return card for Shareholders to request they be included in the Company’s supplementary mailing list for receipt of the Company’s interim financial statements for the 2016 fiscal year.

The Company anticipates that notice-and-access will directly benefit the Company through a substantial reduction in both postage and material costs, and also promote environmental responsibility by decreasing the large volume of paper documents generated by printing proxy-related materials.

Shareholders with questions about notice-and-access can call the Company’s transfer agent Computershare toll-free at 1.866.964.0492. Shareholders may also obtain paper copies of this Circular, the Financial Statements and the MD&A free of charge: (1) during the Meeting cycle; or (2) after the Meeting for a one (1) year period, upon request to the Corporate Secretary of the Company by calling 416.366.4227.

A request for paper copies which are required in advance of the Meeting should be sent so that they are received by the Company or Computershare, as applicable, by Monday, June 13, 2016 in order to allow sufficient time for Shareholders to receive their paper copies and to return a) their form of proxy to the Company or Computershare, or b) their voting instruction form to their Intermediaries by its due date.

REVOCAION OF PROXY

In addition to the revocation in any other manner permitted by law, a Shareholder who has given a Proxy may revoke it, at any time before it is exercised in accordance with the provisions of *The BVI Business Companies Act, 2004*. The revocation of a Proxy does not affect any matter on which a vote has been taken prior to such revocation.

ADVICE TO BENEFICIAL SHAREHOLDERS

Only registered Shareholders or duly appointed proxyholders are permitted to vote at the Meeting. The information set forth in this section is of significant importance to many Shareholders as a substantial number of Shareholders do not hold their Common Shares in their own name. Most of the Shareholders of the Company are “**non-registered**” Shareholders as their Common Shares are not registered in their own names but rather are instead registered in the name of a bank, trust company or brokerage firm from whom they purchased the Common Shares (referred to in this Circular as “**Beneficial Shareholders**”). Such Shareholders should note that only Proxies deposited by Shareholders whose names appear on the records maintained by the Company’s registrar and transfer agent as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If the Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those shares will not be registered in the Shareholder’s name. Such Common Shares are more likely to be registered under the names of the Shareholder’s broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for **CDS Clearing and Depository Services Inc. (“CDS”)**, which acts as nominee for many Canadian banks, trust companies and brokerage firms). Common Shares held by brokers or their agents or nominees can only be voted (for, against or withheld from voting resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting Common Shares for their clients. The directors and officers of the Company do not know for whose benefit the Common Shares registered in the name of CDS are held. **Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their Common Shares are communicated to the appropriate person well in advance of the Meeting.**

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. The purpose of the form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is limited to instructing the registered Shareholder (the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“**Broadridge**”). Broadridge typically prepares a machine-readable voting instruction form (a “**VIF**”), mails the VIF to the Beneficial Shareholders and requests the Beneficial Shareholders to return the VIF forms to Broadridge or otherwise communicate voting instructions to Broadridge by way of the Internet or telephone. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **A Beneficial Shareholder receiving a Broadridge VIF cannot use that form to vote directly at the Meeting. The VIF must be returned to Broadridge well in advance of the Meeting in order to have the Common Shares voted. If you have any questions with respect to the voting of Common Shares held through a broker or other intermediary, please contact your broker or other intermediary directly for assistance.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his or her broker (or agent of the broker), a Beneficial Shareholder may attend at the Meeting as proxyholder for the Registered Shareholder and vote the Common Shares in that capacity. If a Beneficial Shareholder wishes to attend and vote at the Meeting in person, the Beneficial Shareholder must insert his or her own name as appointee in the blank space of the form of proxy provided to them and return the same to their broker (or the broker’s agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

All references to Shareholders in this Circular and the accompanying Proxy and Notice of Meeting are to Shareholders of record unless specifically stated otherwise.

RECORD DATE

The Company has fixed May 20, 2016 as the record date (the “**Record Date**”) for the purposes of determining holders of common shares of the Company (the “**Common Shares**”) entitled to receive notice of the Meeting. Registered holders of Common Shares, as shown on the shareholders’ list prepared as of

the Record Date will be entitled to vote such Common Shares at the Meeting on the basis of one vote for each Common Share held.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

No director or executive officer of the Company, no proposed nominee for election as a director of the Company and no associate or affiliate of any of the foregoing, has any material interest, direct or indirect, by way of beneficial ownership or otherwise, in any matter to be acted upon other than as disclosed under "Matters to be Acted Upon at the Meeting".

As of the date hereof, there are 45,556,917 Common Shares issued and outstanding, with each such Common Share carrying the right to one vote. The Company has not issued any other class of voting securities.

PRINCIPAL HOLDERS OF VOTING SECURITIES

MATTERS TO BE ACTED UPON AT THE MEETING

FINANCIAL STATEMENTS

The Company's audited consolidated financial statements for the years ended December 31, 2015, 2014 and 2013 ("AFS") and management's discussion and analysis are available upon request to the Company or can be viewed on SEDAR at www.sedar.com or on the website of the United States Securities and Exchange Commission (the "SEC") at www.sec.gov or on the Company's website at www.xtragold.com. The AFS and the auditor's report thereon will be presented to the Shareholders at the Meeting however, no vote with respect thereto is required.

APPOINTMENT OF AUDITORS

It is proposed that RBSM LLP, Chartered Accountants, be appointed as auditors of the Company (the "Auditors") to hold such office until the next annual meeting of Shareholders or until their successors are elected or appointed and the board of directors (the "Board") of the Company be authorized to fix the remuneration of the Auditors.

Unless the Shareholder has specifically instructed in the enclosed form of proxy that the Common Shares represented by such proxy are to be withheld or voted otherwise, the persons named in the accompanying proxy will vote FOR the appointment of RBSM LLP, as Auditors of the Company to hold such office until the next annual meeting of Shareholders or until a successor is appointed and to authorize the Board to fix the remuneration of the Auditors.

ELECTION OF DIRECTORS

The Company's articles of association (the "**Articles**") provide that the Board be comprised of a minimum of three and a maximum of 15 directors. The Company presently has five (5) directors and the term of each director will expire at the Meeting. The Board size has been set at five (5) directors. At the Meeting, the following five (5) persons named hereunder will be proposed for election as directors of the Company. Each director elected at the Meeting will hold office until the next annual general meeting of Shareholders or until his successor is duly elected or appointed, unless he resigns, is removed or becomes disqualified in accordance with the Company's Articles. All of the persons noted below intend to stand for election to the Board, and management of the Company ("**Management**") has put forward the names of such persons. Management does not contemplate that any nominees named below will be unable to serve as a director but, if that should occur for any reason prior to the Meeting, the persons named in the enclosed form of proxy reserve the right to vote for another nominee in their discretion.

Shareholders have the option to (i) vote for all of the persons listed in the table below (the "**directors**"); (ii) vote for some of the directors and withhold for others; or (iii) withhold for all of the directors. **Unless the Shareholder has specifically instructed in the enclosed form of proxy that the Common Shares represented by such proxy are to be withheld or voted otherwise, the persons named in the accompanying proxy will vote FOR the election of each of the proposed nominees set forth below as directors of the Company.**

Majority Voting Policy

The Board believes that each Director should have the confidence and support of the shareholders of the Corporation. To this end, the Board has unanimously adopted this policy and future nominees for election to the Board will be required to confirm that they will abide by this policy.

Proxy forms for the election of directors will permit a shareholder to vote "For" or "Withheld" for each nominee. The Chairman of the Annual Meeting will ensure that the number of shares voted "For" or "Withheld" for each nominee is recorded and promptly made public after the meeting. If the vote was by a show of hands, the Corporation will disclose the number of shares voted by proxy "For" or "Withheld" for each nominee.

If a nominee receives a greater number of "Withheld" votes than "For" votes, he or she will be considered not to have received the support of the shareholders, even though duly elected as a matter of corporate law. Such a nominee is expected to promptly following the date of the Annual Meeting at which the election occurred, to submit his or her resignation to the Chairman of the Board, with the resignation to take effect upon acceptance by the Board. The Board shall determine whether or not to accept the resignation within 90 days after the Annual Meeting.

Absent of exceptional circumstances, the Board must accept the Directors resignation. A copy of the news release with the Board's decision will be provided to the TSX. If the Board determines not to accept the resignation, then the news release must fully state the reasons for their decision.

A director who tenders his or her resignation will not participate in any meetings to consider whether the resignation will be accepted.

This policy does not apply where an election involves a proxy battle (i.e., where proxy material is circulated in support of one or more nominees who are not part of the director nominees supported by the Board).

COMPENSATION DISCUSSION AND ANALYSIS

The following Compensation Discussion and Analysis is intended to provide information relating to the objectives and processes of the Company’s executive compensation and to discuss the decision-making process relating to the compensation paid to the Company’s NEOs.

OBJECTIVES

The overall objectives of the Company’s compensation program include:

- (a) attracting, retaining and motivating talented executives critical to the success of the Company;
- (b) providing fair, competitive and cost effective compensation programs to its executives;
- (c) linking the interests of management with those of the Shareholders; and
- (d) providing rewards for outstanding corporate and individual performance.

The compensation of executive officers is reviewed on an annual basis by the Compensation Committee. The Company’s executive compensation program is based on comparisons of similar type and size companies. Payments may be made from time to time to individuals or companies they control for the provision of consulting services. Such consulting services are paid for by the Company at competitive industry rates for work of similar nature by reputable arm’s length service providers.

ELEMENTS OF COMPENSATION

The Company’s compensation practices continue to evolve and are still under review. It is contemplated that with further success of the Company’s exploration programs and as the Company continues to progress it is anticipated that it will continue to refine the elements of its compensation package. Consistent with the Company’s compensation objectives, the elements of compensation that will be earned by, paid to, or payable to, the NEOs will likely include a base salary and bonus and option-based awards.

Compensation

The Company’s Compensation Committee determines the compensation to be paid to its NEOs on an individual basis and take into consideration (a) the performance of both the individual and the Company; (b) responsibilities of each NEO; (c) experience of each NEO; (d) length of service; and (e) financial resources available to meet the base salary element. The Compensation Committee believes that executive

compensation should be fair and reasonable and be determined, in part, based on industry standard for similar positions in other comparable issuers.

As of the date of this Circular, except for the consulting agreement entered into by the Company and its Chief Financial Officer, as noted in the table below, there are no other consulting agreements entered into by the Company and its other NEOs. The base salary element was determined on the basis set for in the above paragraph and is paid to the NEOs to motivate and reward their individual performance.

Option-based Awards

As disclosed below in the table “Outstanding Option-based Awards and Share-based Awards”, the Company granted stock options to its NEOs during the financial year noted to retain and motivate the NEOs.

STOCK OPTION PLAN

10% Rolling Stock Option Plan

During 2010, the Board considered and believed that it was advisable and in the best interests of the Company to terminate the fixed 2005 Equity Incentive Compensation Plan (the "**2005 Plan**") and replace it with a new 10% rolling stock option plan (the "**Option Plan**"). On May 12, 2011, the Board authorized, approved and adopted the Option Plan which received approval by the Company's shareholders at the annual and special meeting held on June 10, 2011. The Company subsequently received final acceptance of the Option Plan from the TSX on July 13, 2011. The Option Plan replaced the 2005 Plan.

The TSX's rules relating to security-based compensation arrangements require that every three years after the institution of a security-based compensation arrangement which does not have a fixed maximum aggregate of securities issuable, all unallocated options must be approved by a majority of the Company's directors and by the Company's shareholders. The Board approved all unallocated options under the Option Plan on March 26, 2014. The unallocated options issuable under the Option Plan were approved by the Shareholders of the Company at the annual and special meeting on June 19, 2014. The three-year term prescribed by the TSX will expire on June 19, 2017.

The Option Plan is a “rolling” stock option plan such that no options shall be granted under the Option Plan if such grant could result, at any time, in the number of Common Shares reserved for issuance pursuant to options granted exceeding 10% of the issued and outstanding Common Shares as of the date of the grant.

The Board is of the opinion that the implementation of the Option Plan and the effective increase in the number of Common Shares available for issuance pursuant to the granting of stock options under the Option Plan will assist the Company in continuing to attract, retain and motivate its directors, officers, key employees and consultants and other eligible persons (the “**Eligible Persons**”) whose contributions are important to the future success of the Company.

General

Any capitalized terms not specifically defined in this section have the meaning ascribed in the Option Plan.

Purpose of the Option Plan

The purpose of the Option Plan is to encourage stock ownership by our officers, directors, key employees and consultants, and to give such persons a greater personal interest in the success of the Company’s business and an added incentive to continue to advance and contribute to the Company.

Eligibility

The Company’s officers, directors, key employees and consultants are eligible to receive stock grants and NSO’s under the Option Plan.

Administration

The Option Plan is administered by the Compensation Committee who determines from time to time those of the Eligible Persons to whom stock grants or plan options are to be granted, the terms and provisions of the respective option agreements, the time or times at which such options shall be granted, the dates such Plan options become exercisable, the number of shares subject to each option, the purchase price of such shares and the form of payment of such purchase price. All other questions relating to the administration of the Option Plan, and the interpretation of the provisions thereof and of the related option agreements, are resolved by our Compensation Committee. The Board approves grants of NSO’s on recommendation from our Compensation Committee.

Shares Subject to Awards

Pursuant to the Option Plan, the Company may issue no more than 10% of the issued and outstanding Common Shares in the aggregate from time to time, and a maximum of 5% of the Common Shares may be issued to any one Eligible Person, except consultants, in any 12 month period, unless disinterested shareholder approval is obtained. The maximum number of Common Shares that may be issued to a Consultant under the Option Plan in a 12 month period shall not exceed 2% of the Common Shares outstanding. The number of securities issuable to the Company’s insiders, at any time, under all security-based compensation arrangements, shall not exceed 10% of the issued and outstanding securities and the number of securities issued to insiders, within any one-year period, under all security-based compensation arrangements, shall not exceed 10% of the issued and outstanding securities. Common Shares used for stock grants and the Option Plan options may be authorized and unissued shares or shares reacquired by the Company. Common Shares covered by the Option Plan options which terminate unexercised or shares subject to stock awards which are forfeited or cancelled will again become available for grant as additional options or stock awards, without decreasing the maximum number of shares issuable under the Option Plan.

Terms of Exercise

The Option Plan provides that the options granted thereunder shall be exercisable from time to time in whole or in part, unless otherwise specified by the Compensation Committee, and provided that no option shall have a term exceeding 10 years.

Exercise Price

The purchase price for Common Shares subject to options is determined at the time of grant by the Board or the Compensation Committee at the discretion of the Board. The exercise price shall not be less than the closing price of the Common Shares on the Stock Exchange (as defined in the Option Plan), on the trading day immediately preceding the day of the grant of the option. If the purchase price is paid with consideration other than cash, the Compensation Committee shall determine the fair value of such consideration to the Company in monetary terms. The appropriate adjustment in any particular circumstance shall be conclusively determined by the Compensation Committee in its sole discretion, subject to approval by the Shareholders of the Company and to acceptance by the TSX respectively, if applicable.

Option Period

The period during which Options may be exercised shall be determined by the Board in its discretion, to a maximum of 10 years from the date that the Option is granted and the Options shall vest on the date of the grant, except that Options issued to persons employed in Investor Relations Activities must vest in stages over not less than 12 months with no more than one-quarter (1/4) of the Options vesting in any three month period.

Reduced Option Period due to Termination of Employment or Death

Termination of Employment

If a Participant shall:

- (a) cease to be a director or officer of the Company and any of its Designated Affiliates (and is not or does not continue to be an employee thereof); or
- (b) cease to be employed by the Company or any of its Designated Affiliates or to provide consulting services to the Company or any of its Designated Affiliates (and is not or does not continue to be a director or officer thereof) for any reason (other than death) or shall receive notice from the Company or any of its Designated Affiliates of the termination of his or her employment or provision of consulting services (collectively, "**Termination**") he or she may, but only within 365 days next succeeding such Termination, or for such shorter period of time as may be set forth in the Option Agreement, exercise his or her Options to the extent that he or she was entitled to exercise such Options at the date of such Termination, provided that in no event shall such right extend beyond the Option Period. This section is subject to any agreement with any director or officer of the Company or any of its Designated Affiliates with respect to the rights of such director or officer upon Termination or change in control of the Company.

Death of Participant

In the event of the death of a Participant who is a director or officer of the Company or any of its Designated Affiliates or who is an employee having been continuously in the employ of the Company or any of its Designated Affiliates or who has continuously provided consulting services to the Company or any of its Designated Affiliates for one year from and after the date of the granting of his or her Option, the Option theretofore granted to him or her shall be exercisable within the 365 days next succeeding such death and then only:

- (a) by the person or persons to whom the Participant's rights under the Option shall pass by the Participant's will or the laws of descent and distribution; and
- (b) to the extent that he or she was entitled to exercise the Option at the date of his or her death, provided that in no event shall such right extend beyond the Option Period.

The Option Period may be reduced in the event of termination of employment or death of the Participant as provided for in the Option Plan.

Transferability

The benefits, rights and options accruing to any Optionee in accordance with the terms and conditions of the Option Plan shall not be transferable or assignable by an Optionee unless specifically provided herein. During the lifetime of a Participant, all benefits, rights and options shall only be exercised by the Optionee or by his or her guardian or legal representative.

Amendment, Modification or Termination of the Option Plan

Subject to requisite shareholder and regulatory approvals set forth below, the Board, or the Compensation Committee of the Board, may from time to time amend or revise the terms of the Option Plan or may discontinue the Option Plan at any time provided however that no such right may, without the consent of the Optionee, in any manner adversely affect his rights under any Option theretofore granted under the Option Plan. Any reduction in the exercise price of Options, if the Optionee is an insider of the Company at the time of the proposed amendment, will require disinterested shareholder approval pursuant to the Policies of the Stock Exchange.

- (a) The Board may, subject to receipt of requisite shareholder and regulatory approval, make the following amendments to the Option Plan:
 - (i) any amendment to the number of securities issuable under the Option Plan, including an increase to a fixed maximum number of securities or a change from a fixed maximum number of securities to a fixed maximum percentage. A change to a fixed maximum percentage which was previously approved by shareholders will not require additional shareholder approval;
 - (ii) any change to the definition of "Participants" or an "Optionee" which would have the potential of narrowing or broadening or increasing insider participation;
 - (iii) the addition of any form of financial assistance;
 - (iv) any amendment to a financial assistance provision which is more favourable to Participants or Optionees;
 - (v) any addition of a cashless exercise feature, payable in cash or securities which does not provide for a full deduction in the number of underlying securities from the Option Plan;
 - (vi) the addition of deferred or restricted share unit or any other provision which results in Optionees receiving securities while no cash consideration is received by the Company; and
 - (vii) any other amendments that may lead to significant or unreasonable dilution in the Company's outstanding securities or may provide additional benefits to Optionees, especially to insiders of the Company, at the expense of the Company and its existing shareholders.
- (b) The Board may, subject to receipt of requisite regulatory acceptance, where required, in its sole discretion make all other amendments to the Option Plan that are not of the type contemplated in subparagraph (a) above, including, without limitation:
 - (i) amendments of a housekeeping nature;
 - (ii) the addition of or a change to vesting provisions of a security or the Option Plan; and
 - (iii) a change to the termination provisions of a security or the Option Plan which does not entail an extension beyond the original expiry date.
- (c) Notwithstanding the provisions of subparagraph (b), the Company shall additionally obtain requisite shareholder approval in respect of amendments to the Option Plan that are contemplated pursuant to subparagraph (b) to the extent such approval is required by any applicable law or regulations.

- (d) The Board has discretion to change exercise periods for the options except to the extent that those exercise periods are in connection with grants to any insider.

Applicable TSX Policy requires that for the extension of the term under a security based compensation agreement, i.e. a stock option agreement, benefitting an insider of the Company, the Company must receive disinterested security holder approval.

Corporate governance takes into account the role of the individual members of management who are appointed by the Board and who are charged with the day to day management of the Company. The Board is committed to sound corporate governance practices that are both in the interest of its shareholders and contribute to effective and efficient decision-making.

Effective June 30, 2005, National Instrument 58-101 – *Disclosure of Corporate Governance Practices* (“**NI 58-101**”) and National Policy 58-201 – *Corporate Governance Guidelines* (the “**Guidelines**”) were adopted by the Canadian Securities Administrators. The Guidelines set forth a series of non-prescriptive guidelines for effective corporate governance and deals with such matters as the constitution of a board of directors, its composition, orientation and continuing education for board members, a written mandate of the role of the board and its responsibilities and the functions to be performed by a board. The Guidelines require that the Company disclose its corporate governance practices in this Circular. The Board believes that the Company has implemented corporate governance practices that are effective and appropriate with respect to the Company's size and level of activity. None of the proposed nominee directors of the Company serve as a director of any other company that is a reporting issuer or equivalent in any Canadian or foreign jurisdiction.

Frequency of Meetings

manner that promotes meaningful discussion, providing leadership to enhance the Board's effectiveness and acting as a liaison between the Board and management.

Chairman of the Audit Committee

The Board has adopted a written position description for the Chairman of the Audit Committee, indicating that the Chairman of the Audit Committee is responsible for, among other things, chairing all meetings of the Audit Committee, ensuring the Audit Committee monitors the Company's financial reporting process and internal control systems independently and objectively, ensuring procedures are in place to review the Company's public financial disclosure and overseeing the Audit Committee's participation in the accounting and financial reporting process and audits of the financial statements.

Chairman of the Nominating and Corporate Governance Committee

The Board has adopted a written position description for the Chairman of the Nominating and Governance Committee, indicating that the Chairman of the Nominating and Governance Committee is responsible for, among other things, assessing the effectiveness of the Board and the Company's governance, reviewing the Board's compensation on at least an annual basis and reviewing and recommending to the Board the level of compensation packages for the executive offices and members of senior management.

Diversity Policy

In accordance with items 10-15 of Form 58-101F1 Corporate Governance Disclosure, the Company is required to provide disclosure of its gender diversity practices.

1. Policies Regarding the Representation of Women on the Board

The members of U3O8 Corp's Board have diverse backgrounds and expertise and were selected on the belief that the Corporation and its stakeholders would benefit from such a broad range of talent and experience. The Board considers merit as the key requirement for board appointments. The Corporation has not adopted a written diversity policy and has sought to attract and maintain diversity at the Board level informally through the recruitment efforts of Management in discussion with Directors prior to proposing nominees to the Compensation, Corporate Governance and Nominating Committee (the "Corporate Governance Committee") and to the Board as a whole for consideration.

2. Consideration of the Representation of Women on the Board and in Executive Officer Appointments

In identifying suitable Board nominees or in selecting and assessing candidates for executive positions, candidates will be considered on merit against objective criteria regarding business experience, skill sets, competencies, technical expertise, sector specific knowledge and with due regard for the benefit of diversity including the level of representation of women in these capacities. As the need for new directors or executive officers arises, the Corporate Governance Committee assesses candidates on the basis of industry experience and business acumen with specific knowledge of mineral exploration and development or other areas (such as finance, South American market experience) as desired at that particular time by the Corporation, the Board and its committees. Board candidates are also evaluated against the area of expertise of existing members so new appointments may contribute to expanding the Board's breadth of experience.

3. Company's Targets for Women on the Board and in Executive Officer Positions

Presently, none of the Corporation's directors are female. One of the 6 (17%) executive officers of the Corporation and of its major subsidiaries is female. Diversity including gender, age, nationality, cultural and educational background, business knowledge and other experience, are among the factors that the Corporate Governance Committee considers in identifying and selecting candidates for the Board and executive positions. For example, with the majority of the Corporation's operations located in South America, 4 of the 6 (67%) executive officers are South American, as is one of the board members (17%). Taken together, these diverse skills and backgrounds help to create a business environment that encourages a range of perspectives in which all employees and directors are treated with fairness and respect, and have equal access to opportunities for advancement based on skills and aptitude. As a result, the Corporation has not adopted targets based on any specific area of diversity and does not set targets for women on the Board or in executive officer positions.

ORIENTATION AND CONTINUING EDUCATION

Director Orientation

The Board and the Company's senior management conduct orientation programs for new directors. The orientation programs include presentations by Company management to familiarize new directors with the Company's projects, strategic plans, its significant financial, accounting and risk management issues, its compliance programs, its code of business conduct and ethics, its principal officers, its internal and independent auditors and its outside legal advisors. In addition, the orientation program includes a review of the Company's expectations of its directors in terms of time and effort, a review of the directors' fiduciary duties and visits to Company headquarters and, to the extent practical, the Company's significant facilities. New members of the Board are provided with full access to or copies of relevant financial, technical, geological, corporate and other information in connection with its properties and business operations. Board members are encouraged to communicate with the Company's management and auditors to keep themselves familiar and current with industry trends and developments.

Continuing Education

To enable each director to better perform his duties and to recognize and deal appropriately with issues that arise, the Company encourages its directors to undertake continuing director education, the cost of which will be borne by the Company.

ETHICAL BUSINESS CONDUCT

The Board has adopted a written code of business conduct and ethics ("**Code of Conduct**") to encourage and promote a culture of ethical business conduct amongst the Company's principal executive officers, principal financial and accounting officers and persons performing similar functions. A Code of Conduct is a written standard designed to deter wrongdoing and to promote (a) honest and ethical conduct, (b) full, fair, accurate, timely and understandable disclosure in regulatory filings and public statements, (c) compliance with applicable laws, rules and regulations, (d) the prompt reporting violation of the Code; and (e) accountability for adherence to the Code. A copy of the Company's Code of Conduct was previously filed as an exhibit to its annual report filed on Form 10-K for the year ended December 31, 2009. Copies of the Code of Conduct are available upon written request to the Company at its principal office. The Audit Committee is responsible for ensuring compliance with the Company's code of conduct. There have been no departures from the Company's code of conduct during the financial year ended December 31, 2015.

To ensure the directors exercise independent judgment in considering transactions and agreements in which a director or officer has a material interest, all such matters are considered and approved by a majority of the non-interested directors. Any interested director is required by the Company's Code of Conduct to declare the nature and extent of his interest and is not entitled to vote on matters which evoke such a conflict.

The Audit Committee is responsible for compliance issues relating to the Code of Conduct, which contains the procedures by which an individual can report actual or potential violations of the Code of Conduct to the Chairman of the Audit Committee. The Code of Conduct provides that any violations of the Code of Conduct by any employee, officer or director are grounds for disciplinary action including termination of employment, office and directorship.

The Company believes that it has adopted corporate governance procedures and policies which encourage ethical behaviour by these individuals.

NOMINATION OF DIRECTORS

In November 2009, the Board established the Nominating and Corporate Governance Committee.

Mandate

The Nominating and Corporate Governance Committee holds the responsibility for the appointment and assessment of directors and has adopted a written charter pursuant to which the committee: (i) recommends the slate of director nominees for election to the Board; (ii) identifies and recommends candidates to fill vacancies on the Board; (iii) reviews the composition of Board committees; and (iv) monitors compliance with, reviews and recommends changes to the Company's various corporate governance policies and guidelines.

The Board seeks to achieve a balance of knowledge, experience and capability on the Board.

Composition and Independence

The Nominating and Corporate Governance Committee is currently composed of three directors; namely Messrs. Schweitzer Laviolette and Morsches, all of whom have been determined by the Board to be "independent", as defined in NI 58-101 and as is within the meaning of the Marketplace Rules of the NASDAQ. As disclosed elsewhere in this Circular,

Nomination of Directors

The Nominating and Corporate Governance Committee considers all qualified candidates for our Board identified by members of the Nominating and Corporate Governance Committee, by other members of the Board, by senior management and by the Company's shareholders. The Nominating and Corporate Governance Committee reviews each candidate including each candidate's independence, skills and expertise based on a variety of factors, including the person's experience or background in management, finance, regulatory matters and corporate governance. Further, when identifying nominees to serve as director, the Nominating and Corporate Governance Committee seeks to create a Board that is strong in its collective knowledge and has a diversity of skills and experience with respect to accounting and finance, management and leadership, vision and strategy, business operations, business judgment, industry knowledge and corporate governance. In addition, prior to nominating an existing director for re-election to the Board, the Nominating and Corporate Governance Committee will consider and review an existing director's Board and committee attendance and performance, length of Board service, experience, skills and contributions that the existing director brings to the Board, equity ownership in the Company and independence.

The Nominating and Corporate Governance Committee follows the same process and uses the same criteria for evaluating candidates proposed by members of the Board, members of senior management and the Company's shareholders. Based on its assessment of each candidate, the Nominating and Corporate Governance Committee recommends candidates to the Board in the event of a vacancy on the Board.

COMPENSATION

In November 2009, the Company established a compensation committee (the "**Compensation Committee**").

Mandate

The Compensation Committee has adopted a written charter pursuant to which the committee is responsible for overseeing the Company's compensation programs and practices, including executive compensation plans and incentive compensation plans. The Board, with the assistance of the Compensation Committee is responsible for reviewing the compensation of members of the Board to ensure that compensation realistically reflects the responsibilities and risks involved in being a director and for reviewing the compensation of members of senior management to ensure that compensation is competitive within the industry and aligns the interests of such individual with those of the Company. The Company's Chief Executive Officer provides input to the Compensation Committee with respect to the individual performance and compensation recommendations for the other executive officers. In connection with its responsibilities relating to compensation of the Company's directors and officers, the Compensation Committee is responsible for: (i) attracting, retaining and motivating talented executives critical to the success of the Company; (ii) providing fair, competitive and cost effective compensation programs to its executives; (iii) linking the interests of management with those of the Shareholders; (iv) providing rewards for outstanding corporate and individual performance; and (v) reviewing the compensation of executive officers on an

annual basis. The Compensation Committee may employ independent experts periodically as deemed necessary to review remuneration policies for executive officers and directors. No such independent expert was engaged for the financial year ended December 31, 2015.

Composition and Independence

The Compensation Committee is currently composed of three directors; namely Messrs. Schweitzer, Laviolette and Morsches, all of whom have been determined by the Board to be “independent,” as defined in NI 58-101 and as is within the meaning of the Marketplace Rules of the NASDAQ. Mr. Schweitzer is also the Chair of the Compensation Committee.

OTHER BOARD COMMITTEES

Other than the Audit Committee, the Nominating and Corporate Governance Committee and the Compensation Committee, the Board has no other committees. From time to time, *ad hoc* committees comprised of the directors of the Company may be formed, as deemed necessary, to deal with specific situations.

ASSESSMENTS

The Board does not consider formal assessments useful given the stage of the Company’s business and operations. However, the chairman of the Board meets annually with each director individually, which facilitates a discussion of his contribution and that of other directors. When needed, time is set aside at a meeting of the Board for a discussion regarding the effectiveness of the Board and its committees. If appropriate, the Board then considers procedural or substantive changes to increase the effectiveness of the Board and its committees. On an informal basis, the chairman of the Board is also responsible for reporting to the Board on areas where improvements can be made. Any agreed upon improvements required to be made are implemented and overseen by the Nominating and Corporate Governance Committee. A more formal assessment process will be instituted as, if, and when the Board considers it to be necessary.

NORMAL COURSE ISSUER BID

The Company announced in a news release disseminated on February 8, 2012 its intention to proceed with a normal course issuer bid to purchase up to 4,045,353 Common Shares of the Company (the “**2012 Bid**”), in accordance with the rules of the TSX.

The Company commenced the 2012 Bid because it believed that the market price of its Common Shares at the time did not fully reflect the underlying value of the Company’s business and its future business prospects. The Board believed that the purchase of the Company’s Common Shares for cancellation would be in the best interests of the Company by increasing the respective proportionate shareholdings and therefore increasing the respective equity interest in the Company for all remaining Shareholders.

As of February 8, 2012, the Company had 44,679,217 Common Shares issued and outstanding. The 4,045,353 Common Shares that could be purchased by the Company under the 2012 Bid represented approximately 10% of the public float of the Company. The Company received acceptance from the TSX to commence the 2012 Bid on February 9, 2012. The 2012 Bid terminated on February 8, 2013. At the time termination of the 2012 Bid, 68,300 Common Shares had been repurchased by the Company at an average price of C\$0.80 per share and cancelled. The Company’s broker under the 2012 Bid was Haywood Securities Inc. (“**Haywood Securities**”).

Following the expiration of the 2012 Bid, the Company announced in a news release disseminated on February 15, 2013 that it had renewed the 2012 bid for a further one year to purchase up to 3,957,802 Common Shares of the Company (the “**2013 Bid**”), representing approximately 10% of the public float of the Company. As of February 8, 2013, the Company had 46,539,917 Common Shares issued and outstanding. The Company received acceptance from the TSX to commence the 2013 Bid on February 15, 2013. The 2013 Bid terminated on February 14, 2014. At the time termination of the 2013 Bid, 280,000 Common Shares had been repurchased by the Company at an average price of C\$0.42 per share and cancelled. The Company’s broker under the 2013 Bid was Haywood Securities.

The Company announced in a news release disseminated on February 13, 2014 that, following expiration of the 2013 Bid, it would be renewing the 2013 bid for a further one year to purchase up to 4,119,002 Common Shares of the Company (the "2014 Bid"), representing approximately 10% of the public float of the Company. The maximum number of Common Shares that may be purchased on a daily basis is 2,211 Common Shares representing 25% of the average daily trading volume for the last six calendar months, except where purchases are made in accordance with "block purchases" exemptions under applicable TSX policies. The Common Shares purchased by the Company will be cancelled.

As of February 10, 2014, the Company had 46,259,917 Common Shares issued and outstanding. The Company received acceptance from the TSX to commence the 2014 Bid on February 13, 2014. The 2014 Bid terminated on February 14, 2015. At the time termination of the 2014 Bid, 533,500 Common Shares had been repurchased by the Company at an average price of C\$0.28 per share and cancelled. The Company's broker under the 2014 Bid was Haywood Securities.

The Company announced in a news release disseminated on October 30, 2015, that, following expiration of the 2014 Bid, it would be renewing the 2015 bid for a further one year to purchase up to 4,000,000 Common Shares of the Company (the "2015 Bid"), representing approximately 9.4% of the public float of the Company. The maximum number of Common Shares that may be purchased on a daily basis is 2,596 Common Shares representing 25% of the average daily trading volume for the last six calendar months, except where purchases are made in accordance with "block purchases" exemptions under applicable TSX policies. The Common Shares purchased by the Company will be cancelled.

All Common Shares purchased under the 2012, 2013, 2014 and 2015 Bids were purchased on the open market through the facilities of the TSX, and payment for the Common Shares was made in accordance with TSX policies. The price paid for the Common Shares was the market price at the time of purchase.

The Board continues to believe that the current market price of the Company's Common Shares does not accurately reflect the intrinsic value of the Company, and the repurchase by the Company of its Common Shares at the prevailing market price can, in appropriate circumstances, maximize Shareholder value and be in the best interests of the Company.

The responsibilities of a member of the Committee shall be in addition to such member's duties as a member of the Board.

The Committee has the duty to determine whether the Company's financial disclosures are complete, accurate, are in accordance with IFRS and GAAP and fairly present the financial position and risks of the organization. The Committee should, where it deems appropriate, resolve disagreements, if any, between management and the external auditor, and review compliance with laws and regulations and the Company's own policies.

The Committee will provide the Board with such recommendations and reports with respect to the financial disclosures of the Company as it deems advisable.

Membership and Composition

The Committee shall consist of three persons unless the Board should from time to time otherwise determine. Each Committee member shall be appointed annually by the Board and shall be an “independent director” within the meaning of NI 52-110. Pursuant to NI 52-110, a member will be considered “independent” if he has no direct or indirect, material relationship with the Company. A member will qualify as a “financial expert” if he or she possesses the following attributes:

2. an ability to assess the general application of such principles in connection with the accounting for estimates, accruals, resources and reserves;

The Chairman will appoint a Secretary of the meeting, who need not be a member of the committee and who will maintain the minutes of the meeting.

Meetings

At the request of the external auditor, the Chief Executive Officer or the Chief Financial Officer of the Company or any member of the Committee, upon being provided with at least five (5) business days’ advance notice, the Chairman will convene a meeting of the Committee. In advance of every meeting of the Committee, the Chairman, with the assistance of the Chief Financial Officer, will ensure that the agenda and meeting materials are distributed in a timely manner.

The Committee shall meet no less than four times per year or more frequently if circumstances or obligations require.

B. EXTERNAL AUDITOR

- (i) Consider, in consultation with the external auditor, the audit scope and plan of the external auditor.
- (ii) Approve the remuneration of the auditor.
- (iii) The Committee shall ascertain that the independent auditor is registered and in good standing with the Public Company Accounting Oversight Board and that the independent auditor satisfies all applicable Canadian and U.S. independence standards. The Committee shall obtain from the auditor a written statement delineating all relationships between the auditor and the Company as per ISB Standard 1 and review relationships that may impact the objectivity and independence of the auditor.

- (iv) The Committee shall obtain from the independent auditor assurance that the audit was conducted in a manner consistent with all applicable securities laws and that, in the course of conducting the audit, the independent auditor has not become aware of information indicating that an illegal act has or may have occurred or, if such an act may have occurred, that the independent auditor has taken all action required by all applicable securities laws, in particular, Section 10A(b) of the *Securities Exchange Act of 1934*.
- (v) At least annually and prior to the filing of the annual information form with and/or the 20-F Annual Report, the Committee shall review with Management and the independent auditor management's internal control report and assessment of the internal controls and procedures, and the independent auditor's report on and assessment of the internal controls and procedures.
- (vi) The Committee shall establish procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submissions by support staff and/or employees of concerns regarding questionable accounting or auditing matters.
- (vii) The Committee shall discuss with Management and the independent auditor any correspondence with regulators or governmental agencies and any support staff and/or employee complaints or reports which raise material issues regarding the Company's Financial Statements or accounting policies.
- (viii) At least annually, the Committee shall meet with the Company's legal counsel and discuss any legal matters that may have a material impact on the Financial Statements or the Company's compliance policies.
- (ix) Recommend to the Board the external auditor to be nominated and review the performance of the auditor, including the lead partner of the external auditor.
- (x) Confirm with the external auditor and receive written confirmation at least once per year as to disclosure of any investigations or government enquiries, reviews or investigations of the outside auditor.

- (i) Review and assess the adequacy and effectiveness of the Company's systems of internal controls and management information systems through discussion with management and the external auditor to ensure that the Company maintains appropriate systems, is able to assess the risks facing the Company and that the risk of a material misstatement in the financial disclosures is minimized.
- (ii) Assess the requirement for the appointment of an internal auditor for the Company.

- (iii) Inquire of management and the external auditor as to the adequacy about the systems of internal controls that management and the Board have established and the effectiveness of those systems. Engage management and the external auditor in a full discussion of financial, and other, risks faced by the Company, the materiality of these risks and their mitigation.

Investigations

- (i) The Committee shall have the authority to conduct or authorize investigations into any matters within the scope of its responsibilities as it deems appropriate, including the authority to request any Officer or other person to meet with the Committee and to access all Company records.

Oversight Function

While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's Financial Statements are complete and accurate or are in accordance with IFRS and GAAP and applicable rules and regulations. These are the responsibilities of management and the external auditors. The Committee, the Chairman and any Members identified as having accounting or related financial expertise are members of the Board, appointed to the Committee to provide broad oversight of the financial, risk and control related activities of the Company, and are specifically not accountable or responsible for the day to day operation or performance of such activities. Although the designation of a Member as having accounting or related financial expertise for disclosure purposes is based on that individual's education and experience, which that individual will bring to bear in carrying out his or her duties on the Committee, such designation does not impose on such person any duties, obligations or liability that are greater than the duties, obligations and liability imposed on such person as a member of the Committee and Board in the absence of such designation. Rather, the role of a Member who is identified as having accounting or related financial expertise, like the role of all Members, is to oversee the process, not to certify or guarantee the internal or external audit of the Company's financial information or public disclosure.

Charter Review

The Committee will annually review and reassess the adequacy of this policy and submit any recommended changes to the Board for approval.

Adoption

The Charter was previously reviewed and adopted by the Board on December 15, 2009. The Charter has been updated by the Committee and was adopted by the Board on September 3, 2010.

EXHIBIT 1

AUDIT COMMITTEE MEMBER INDEPENDENCE AND FINANCIAL LITERACY REQUIREMENTS

Multilateral Instrument 52-110 Audit Committees

1.4 Meaning of Independence --

- (1) An audit committee member is independent if he or she has no direct or indirect material relationship with the issuer.
- (2) For the purposes of subsection (1), a “material relationship” is a relationship which could, in the view of the issuer’s board of directors, be reasonably expected to interfere with the exercise of a member’s independent judgment.
- (3) Despite subsection (2), the following individuals are considered to have a material relationship with an issuer:
 - (a) an individual who is, or has been within the last three years, an employee or executive officer of the issuer;
 - (b) an individual whose immediate family member is, or has been within the last three years, an executive officer of the issuer;
 - (c) an individual who:
 - (i) is a partner of a firm that is the issuer’s internal or external auditor,
 - (ii) is an employee of that firm, or
 - (iii) was within the last three years a partner or employee of that firm and personally worked on the issuer’s audit within that time;
 - (d) an individual whose spouse, minor child or stepchild, or child or stepchild who shares a home with the individual:
 - (i) is a partner of a firm that is the issuer’s internal or external auditor,
 - (ii) is an employee of that firm and participates in its audit, assurance or tax compliance (but not tax planning) practice, or
 - (iii) was within the last three years a partner or employee of that firm and personally worked on the issuer’s audit within that time;

 - (f) an individual who received, or whose immediate family member who is employed as an executive officer of the issuer received, more than \$75,000 in direct compensation from the issuer during any 12 month period within the last three years.
- (4) Despite subsection (3), an individual will not be considered to have a material relationship with the issuer solely because

- (a) he or she had a relationship identified in subsection (3) if that relationship ended before March 30, 2004; or
 - (b) he or she had a relationship identified in subsection (3) by virtue of subsection (8) if that relationship ended before June 30, 2005.
- (5) For the purposes of clauses (3)(c) and (3)(d), a partner does not include a fixed income partner whose interest in the firm that is the internal or external auditor is limited to the receipt of fixed amounts of compensation (including deferred compensation) for prior service with that firm if the compensation is not contingent in any way on continued service.
- (6) For the purposes of clause (3)(f), direct compensation does not include:
- (a) remuneration for acting as a member of the board of directors or of any board committee of the issuer, and
 - (b) the receipt of fixed amounts of compensation under a retirement plan (including deferred compensation) for prior service with the issuer if the compensation is not contingent in any way on continued service.
- (7) Despite subsection (3), an individual will not be considered to have a material relationship with the issuer solely because the individual or his or her immediate family member
- (a) has previously acted as an interim chief executive officer of the issuer, or
 - (b) acts, or has previously acted, as a chair or vice-chair of the board of directors or of any board committee of the issuer on a part-time basis.
- (8) For the purpose of section 1.4, an issuer includes a subsidiary entity of the issuer and a parent of the issuer.

1.5 Additional Independence Requirements --

- (1) Despite any determination made under section 1.4, an individual who
- (a) accepts, directly or indirectly, any consulting, advisory or other compensatory fee from the issuer or any subsidiary entity of the issuer, other than as remuneration for acting in his or her capacity as a member of the board of directors or any board committee, or as a part-time chair or vice-chair of the board or any board committee; or
 - (b) is an affiliated entity of the issuer or any of its subsidiary entities, is considered to have a material relationship with the issuer.
- (2) For the purposes of subsection (1), the indirect acceptance by an individual of any consulting, advisory or other compensatory fee includes acceptance of a fee by
- (a) an individual's spouse, minor child or stepchild, or a child or stepchild who shares the individual's home; or
 - (b) an entity in which such individual is a partner, member, an officer such as a managing director occupying a comparable position or executive officer, or occupies a similar position (except limited partners, non-managing members and those occupying similar positions who, in each case, have no active role in providing services to the entity) and which provides accounting, consulting, legal, investment banking or financial advisory services to the issuer or any subsidiary entity of the issuer.

- (3) For the purposes of subsection (1), compensatory fees do not include the receipt of fixed amounts of compensation under a retirement plan (including deferred compensation) for prior service with the issuer if the compensation is not contingent in any way on continued service.

1.6 Meaning of Financial Literacy – For the purposes of this Instrument, an individual is financially literate if he or she has the ability to read a set of Financial Statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the issuer's Financial Statements.

EXHIBIT 2

AUDIT COMMITTEE MEMBER INDEPENDENCE AND FINANCIAL LITERACY REQUIREMENTS

Companion Policy 52-110CP to National Instrument 52-110 Audit Committees

Part Three Independence

3.1 Meaning of Independence. The Instrument generally requires every member of an audit committee to be independent. Subsection 1.4(1) of the Instrument defines independence to mean the absence of any direct or indirect material relationship between the director and the issuer. In our view, this may include a commercial, charitable, industrial, banking, consulting, legal, accounting or familial relationship, or any other relationship that the board considers to be material. Although shareholder alone may not interfere with the exercise of a director's independent judgment, we believe that other relationships between an issuer and a shareholder may constitute material relationships with the issuer, and should be considered by the board when determining a director's independence. However, only those relationships which could, in the view of the issuer's board of directors, be reasonably expected to interfere with the exercise of a member's independent judgment should be considered material relationships within the meaning of section 1.4.

Subsection 1.4(3) and section 1.5 of the Instrument describe those individuals that we believe have a relationship with an issuer that would reasonably be expected to interfere with the exercise of the individual's independent judgment. Consequently, these individuals are not considered independent for the purposes of the Instrument and are therefore precluded from serving on the issuer's audit committee. Directors and their counsel should therefore consider the nature of the relationships outlined in subsection 1.4(3) and section 1.5 as guidance in applying the general independence requirements set out in subsection 1.4(1).

3.2 Derivation of Definition. In the United States, listed issuers must comply with the audit committee requirements contained in SEC rules as well as the director independence and audit committee requirements of the applicable securities exchange or market. The definition of independence included in the Instrument has therefore been derived from both the applicable SEC rules and the corporate rules issued by the New York Stock Exchange. The portion of the definition of independence that parallels the NYSE rules is found in section 1.4 of the Instrument. Section 1.5 of the Instrument contains additional rules regarding audit committee member independence that were derived from the applicable SEC rules. To be independent for the purposes of the Instrument, a director must satisfy the requirements in both sections 1.4 and 1.5.

3.3 Safe Harbour. Subsection 1.3(1) of the Instrument provides, in part, that a person or company is an affiliated entity of another entity if the person or company controls the other entity. Subsection 1.3(4), however, provides that an individual will not be considered to control an issuer if he individual:

- (a) owns, directly or indirectly, ten per cent or less of any class of voting equity securities of the issuer; and

- (b) is not an executive officer of the issuer.

Subsection 1.3(4) is intended only to identify those individuals who are not considered to control an issuer. The provision is not intended to suggest that an individual who owns more than ten percent of an issuer's voting equity securities automatically controls an issuer. Instead, an individual who owns more than ten percent of an issuer's voting equity securities should examine all relevant facts and circumstances to determine if he or she controls the issuer and is therefore an affiliated entity within the meaning of subsection 1.3(1).

- (9) The terms listed and listing refer to securities listed on a national securities exchange or listed in an automated inter-dealer quotation system of a national securities association or to issuers of such securities.
