NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in U.S. Dollars)

MARCH 31, 2009

(unaudited)

1. HISTORY AND ORGANIZATION OF THE COMPANY

Silverwing Systems Corporation (the "Company"), a Nevada corporation, was incorporated on September 1, 1998. On June 23, 1999, the Company completed the acquisition of Advertain On-Line Canada Inc. ("Advertain Canada"), a Canadian company operating in Vancouver, British Columbia, Canada. The Company changed its name to Advertain On-Line Inc. ("Advertain") on August 19, 1999. Advertain Canada's business was the operation of a web site, "Advertain.com", whose primary purpose was to distribute entertainment advertising on the Internet.

In May 2001, the Company, being unable to continue its funding of Advertain Canada's operations, decided to abandon its interest in Advertain Canada. On June 15, 2001, the Company sold its investment in Advertain Canada back to Advertain Canada's original shareholder. On June 18, 2001, the Company changed its name from Advertain to RetinaPharma International, Inc. ("RetinaPharma") and became inactive.

In 2003, the Company became a resource exploration company. On October 31, 2003, the Company acquired 100% of the issued and outstanding common stock of Xtra-Gold Resources, Inc. ("XGRI"). XGRI was incorporated in Florida on October 24, 2003. On December 19, 2003, the Company changed its name from RetinaPharma to Xtra-Gold Resources Corp.

In 2004, the Company acquired 100% of the issued and outstanding capital stock of Canadiana Gold Resources Limited ("Canadiana") and 90% of the issued and outstanding capital stock of Goldenrae Mining Company Limited ("Goldenrae"). Both companies are incorporated in Ghana and the remaining 10% of the issued and outstanding capital stock of Goldenrae is held by the Government of Ghana.

On October 20, 2005, XGRI changed its name to Xtra Energy Corp. ("Xtra Energy").

On October 20, 2005, the Company incorporated Xtra Oil & Gas Ltd. ("XOG") in Alberta, Canada.

On December 21, 2005, Canadiana changed its name to Xtra-Gold Exploration Limited ("XG Exploration").

On January 13, 2006, Goldenrae changed its name to Xtra-Gold Mining Limited ("XG Mining").

On March 2, 2006, the Company incorporated Xtra Oil & Gas (Ghana) Limited ("XOGG") in Ghana.

2. GOING CONCERN

The Company is in the exploration stage with respect to its resource properties, incurred a loss of \$195,989 for the three months ended March 31, 2009 and has accumulated a deficit during the exploration stage of \$8,538,946. This raises substantial doubt about its ability to continue as a going concern. The ability of the Company to continue as a going concern is dependent on the Company's ability to raise additional capital and implement its business plan. The financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

Management of the Company ("Management") is of the opinion that sufficient financing will be obtained from external financing and further share issuances to meet the Company's obligations. At March 31, 2009, the Company has working capital of \$1,156,868.

3. SIGNIFICANT ACCOUNTING POLICIES

The accompanying unaudited financial statements have been prepared by the Company in conformity with accounting principles generally accepted in the United States of America applicable to interim financial information and with the rules and regulations of the United States Securities and Exchange Commission. Accordingly, certain information and note disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed, or omitted, pursuant to such rules and regulations. In the opinion of management the unaudited interim financial statements include all adjustments necessary for the fair presentation of the results of the interim periods presented. All adjustments are of a normal recurring nature, except as otherwise noted below. These financial statements should be read in conjunction with the Company's audited consolidated financial statements and notes thereto for the year ended December 31, 2008, included in the Company's Form 10-K, filed with the Securities and Exchange Commission. The results of operations for the interim periods are not necessarily indicative of the results of operations for any other interim period or for a full fiscal year.

Recent accounting pronouncements

In March 2008, the FASB issued SFAS No. 161, "Disclosures about Derivative Instruments and Hedging Activities". SFAS No. 161 changes the disclosure requirements for derivative instruments and hedging activities by requiring enhanced disclosures about how and why an entity uses derivative instruments, how derivative instruments and related hedged items are accounted for under SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities," and how derivative instruments and related hedged items affect an entity's operating results, financial position, and cash flows.

SFAS No. 161 is effective for fiscal years beginning after November 15, 2008. The Company has adopted SFAS No. 161 during the period ended March 31, 2009 which did not have a material impact on the consolidated operating results, financial position, or cash flows.

In April 2008, the FASB issued FSP FAS 142-3, Determination of the Useful Life of Intangible Assets or FSP FAS 142-3. FSP FAS 142-3 amends the factors that should be considered in developing renewal or extension assumptions used to determine the useful life of a recognized intangible asset under SFAS No. 142, Goodwill and Other Intangible Assets. The intent of the position is to improve the consistency between the useful life of a recognized intangible asset under SFAS No. 142 and the period of expected cash flows used to measure the fair value of the intangible asset. FSP FAS 142-3 is effective for fiscal years beginning after December 15, 2008. The Company as determined that the adoption of FSP FAS 142-3 does not have any impact on the Company's consolidated financial position, results of operations or cash flows.

In May 2008, the FASB issued SFAS No. 162, The Hierarchy of Generally Accepted Accounting Principles or SFAS No. 162. SFAS No. 162 identifies the sources of accounting principles and the framework for selecting the principles used in the preparation of financial statements of nongovernmental entities that are presented in conformity with GAAP. This statement shall be effective 60 days following the Securities and Exchange Commission's approval of the Public Company Accounting Oversight Board amendments to AU Section 411, The Meaning of Present Fairly in Conformity With Generally Accepted Accounting Principles. The Company does not believe that implementation of this standard will have a material impact on the consolidated financial position, results of operations or cash flows.
