Xtra-Gold Announces Revocation of Cease Trade Order and Set to Resume Trading

Toronto, Ontario – April 11, 2025 – Xtra-Gold Resources Corp. (“Xtra-Gold” or the “Company”) **TSX: XTG; OTCB: XTGRF** announces that the Ontario Securities Commission (the “OSC”) has revoked a Failure-to-File Cease Trade Order (the “FFCTO”) that had been issued by the OSC against the Company on April 4, 2025.

The FFCTO was originally issued on the basis that the Company had not filed its 2024 annual filings in accordance with the filing deadlines contained in National Instrument 51-102 *Continuous Disclosure Obligations*.

Following a review of submissions made by the Company, the OSC has determined that Company is an SEC Foreign Issuer as defined in National Instrument 71-102 - *Continuous Disclosure and Other Exemptions Relating to Foreign Issuers* (“NI 71-102”). Under NI 71-102, the Company satisfies its continuous disclosure obligations in Canada, including filing deadlines, by complying with U.S. federal securities laws. As a result, the Company has a filing deadline of April 30, 2025 for its 2024 annual filings. The Company does not anticipate any delays in filing its SEC Form 20-F on time.

It is expected that the shares of the Company will resume trading on TSX shortly after the issuance of this news release.

About Xtra-Gold Resources Corp.

Xtra-Gold is a gold exploration company with a substantial land position in the Kibi Gold Belt, in Ghana West Africa.

Forward-Looking Statements

Neither TSX nor its Regulation Services Provider (as that term is defined in the policies of the TSX) accepts responsibility for the adequacy or accuracy of this release. No other stock Exchange, securities commission or other regulatory authority has approved or disapproved the information contained herein. This News Release includes certain “forward-looking statements” which are not comprised of historical facts. Forward-looking statements include estimates and statements that describe the Company’s future plans, objectives or goals, including words to the effect that the Company or management expects a stated condition or result to occur. Forward-looking statements may be identified by such terms as “believes”, “anticipates”, “expects”, “estimates”, “may”, “could”, “would”, “will”, or “plan”. Since forward-looking statements are based on assumptions and address future events and conditions, by their very nature they involve inherent risks and uncertainties. Although these statements are based on information currently available to the Company, the Company provides no assurance that actual results will meet management’s expectations. Risks, uncertainties, and other factors involved with forward-looking information could

cause actual events, results, performance, prospects, and opportunities to differ materially from those expressed or implied by such forward-looking information. Forward looking information in this news release includes, but is not limited to, the Company's objectives, goals or future plans, statements, exploration results, potential mineralization, the estimation of mineral resources, exploration and mine development plans, timing of the commencement of operations and estimates of market conditions. Factors that could cause actual results to differ materially from such forward-looking information include, but are not limited to failure to identify mineral resources, failure to convert estimated mineral resources to reserves, the inability to complete a feasibility study which recommends a production decision, the preliminary nature of metallurgical test results, delays in obtaining or failures to obtain required governmental, environmental or other project approvals, political risks, uncertainties relating to the availability and costs of financing needed in the future, changes in equity markets, inflation, changes in exchange rates, fluctuations in commodity prices, delays in the development of projects, capital and operating costs varying significantly from estimates and the other risks involved in the mineral exploration and development industry, and those risks set out in the Company's public documents filed on SEDAR+. Although the Company believes that the assumptions and factors used in preparing the forward-looking information in this news release are reasonable, undue reliance should not be placed on such information, which only applies as of the date of this news release, and no assurance can be given that such events will occur in the disclosed time frames or at all. The Company disclaims any intention or obligation to update or revise any forward-looking information, whether as a result of new information, future events or otherwise, other than as required by law.
